

Careers in Construction Month

NAHB invites all student chapters, local associations, and industry professionals to join us in celebrating Careers in Construction Month in October. Spread nationwide awareness by participating in one of the events below and sharing social media posts that celebrate the rewarding career opportunities in construction.

September: Proclaim October as Careers in Construction Month

Help us make Careers in Construction Month officially recognized in every state. Any state resident can file a proclamation for their governor or mayor to sign.

October Events

Oct. 1-3, 2024: Share at Fall Leadership

Share how you're celebrating careers in construction with another member or EO at Fall Leadership Meeting.

Oct. 7-11, 2024: Engage with Boys & Girls Club

Make a connection with a local club director. Find out how you both can prepare kiddos for career readiness and explore all of the jobs required to build and sell a home.

Oct. 14-18, 2024: Student Chapter Engagement

Local associations are encouraged to connect with affiliated student chapter(s) and identify ways to support their construction education this school year.

Oct. 21-25, 2024: Young Professionals Week

YP Week connects and engages Young Professionals (student members included) in the building industry from across the country. This week focuses on mentoring, community involvement and professional development. Programming for the week will be updated on nahb.org/YP.

Oct. 25, 2024: Careers in Construction Day

NAHB encourages all associations and members to participate in a community service build project or other activity celebrating homebuilding professions.

Oct. 28-31, 2024: Celebrate Residential Construction

Celebrate residential construction on social media. Share a snapshot or video clip demonstrating how you celebrated careers in construction month, or bringing attention to a teacher or mentor who uplifts and inspires those who are pursuing a homebuilding career. Tag @NAHB and @NAHBstudents and use hashtags #CareersInConstruction #CICM2024
